I found Abundance to be at times inspiring and at others frustrating. Many of the new technologies discussed in the book are impressive and could well change our world for the better. A fair bit of the author's optimism is born out with the increased prosperity developed countries have enjoyed over the last century, and improvements in computers, phones, prosthetic limbs and more has been inspirational.

~~Abundance is our future | Peter Diamandis~~

As I wrote in Abundance: The Future is Better Than You Think, we pay 10x more attention to negative news than positive news. We are being barraged with negative news on every device. This constant onslaught distorts your perspective on the future, and inhibits your ability to make a positive impact.
