LEanPub is definitely out of the league as it over here you can either choose to download a book for free or buy the same book at your own designated price. The eBooks can be downloaded in different formats like, EPub, Mobi and PDF. The minimum price for the books is fixed at \$0 by the author and you can thereafter decide the value of the book. The site mostly features eBooks on programming languages such as, JavaScript, C#, PHP or Ruby, guidebooks and more, and hence is known among developers or tech geeks and is especially useful for those preparing for engineering.
