of my favorite movies  
was The War of the  
Worlds—the 1953  
version, made about  
twelve years before the  
first probes went to  
Mars. Even back then,  
people knew that Mars  
had an Earthlike  
environment;  
spectroscopes had  
revealed the presence  
of an oxygen-nitrogen  
atmosphere, and  
strong telescopes  
made visible the seas
