Anthony D. Smith — Wikipedia Republished // WIKI 2

This article is an analysis of the epistemological foundations of Anthony D. Smith's theory of nationalism. The author argues that Smith's theory can be properly understood only when one engages more directly with the broader sociological worldview that his position is an integral part of—Durkheimianism. Although Smith's vision of the social world goes a step beyond classical Durkheimianism ...

Anthony D. Smith - Wikipedia

This paper offers a critical assessment of Anthony D. Smith's classical definition of the nation. In so doing, it argues that Smith fails to establish a clear-cut distinction between the concept of nation and state, since he attributes to the nation some of the features of the state, for instance the sharing of legal rights and duties among all its members.

Nationalism: Theory, Ideology, History, Edition 2 by ...

For the last two centuries, nationalism has been a central feature of society and politics. Few ideologies can match its power and resonance, and no other political movement and symbolic language has such worldwide appeal and resilience. But nationalism is also a form of public culture and political religion, which draws on much older cultural and symbolic forms.
