I have an Armstrong Air Ultra SX 80 furnace. Went to try to use it for the first time this fall and it won't turn on. - Answered by a verified HVAC Technician

*ARMSTRONG AIR Parts - Grainger Industrial Supply*

Got this as a replacement for my Armstrong Air Ultra SX 80 furnace. Every so often, the transformer was making a clicking sound and power was not always getting to the blower motor. I suspected a bad relay switch within the circuit board. This replacement board solved the problem and saved me a call to the HVAC repair guy!
