[Home](#) | [Association of Forensic Document Examiners](#)

Forensic document examination is a branch of the forensic sciences. Document examination involves many areas relating to the validity of a document in addition to evaluating handwriting. Forensic document examiners are employed in law enforcement and other government agencies or own businesses in the private sector.

[The National Association of Document Examiners - NADE](#)

Any document whose validity has been questioned through legal means is considered a disputed or questioned document. The main function of the questioned or forensic document examiner is to determine, through various scientific and proven procedures, if the document in question was authored and/or executed by the individual(s) legally bound by the document.
