Eventually I changed the name to Roosh V because I no longer cared about getting fired. Six years into my career, and a little over two years after I started DC Bachelor, I quit my job and finished my first book called Bang, a textbook for picking up girls.

Roosh V

Roosh V Bang is a pickup textbook intended for men who weren't born with the natural ability to sleep with a lot of women. The knowledge in this book is powerful enough that it has been targeted by crazy feminists who left over 300 fake one-star reviews after attempting to ban the book outright with a change.org petition that was signed by over 200,000 people.

Bang By Roosh V

Bang is a tightly written, no-bullshit textbook on getting laid that is like a Craftsman toolbox for you to land the girls you want. I hate to hype it up too much but every day you're not able to use the techniques I teach in Bang is another day you risk letting another girl you like get away.
