If this is your first build, check out the Introduction Page first, as well as the Supply Page for links to the foam, glue, and necessary tools.. Start by taking your arm measurements. Generally when measuring yourself for costuming you would use a cloth tape measure, but as foam items are significantly thicker than clothing, you need to take that thickness into consideration when measuring.

How to Make Gauntlets / Arm Guards - The Foam Cave
You must have went to many comic or movie conventions and seen people in armor costumes that are very expensive to buy. Now you can make one of your own .With this video tutorial you will learn how to create costume armors of your own. Can't wait to watch go ahead.

Cardboard Armory
A cardboard box template can do just about anything you think of. The rectangular box template, built and made available free for download, is a multipurpose box, able to do just about anything you want it to do. Well, by saying anything I mean functions within which the template can work best. Example areas of application of the template include gift giving, toy building, pet bed and creating oversized blocks.

King fashioned a set of Gothic-style armor for one lucky kid and shared his entire process on Flickr. There, you get a detailed look at the corrugated cardboard costume DIY. It boasts an incredible amount of detail and movement—despite the restraints of the material. To produce the armor, King used a few basic supplies.

cardboard armor template - Google Search | Cardboard ...
On the CMS cardboard, though, I forgot to allow space to glue the vambraces together so I had to start over. Note the diagonal scoring I did, again with the cap of a pen and the metal ruler. This allowed me to easily bend the cardboard into a conic section that would fit my arm, instead of a straight tube that would not.
