~~Velan — Products — Bolted bonnet high pressure valves ...  
VH Series Valves . DYNEX VH HIGH-PRESSURE CONTROL VALVES  
Max Pressure to 15 000 psi (1040 bar). Max Flow to 30 gpm (114  
L/min)~~

~~BuTech High-Pressure Valves | Haskel~~

~~The Baumann 51000 control valve is optimally designed for  
demanding low flow, high pressure control applications often  
found in laboratories and pilot plants. NPS 1/4 or 1/2 valve  
assemblies are standard as either investment cast stainless steel  
or N10276 nickel alloy. Constructions with other high nickel  
alloys are available.~~

~~Control Valve For High Pressure~~

~~Delivering the longest life and most reliable performance for  
pressure control systems in severe environments. Designed to  
meet the critical requirements of today's most severe  
applications while ensuring the highest quality and most reliable~~

# Get Free Control Valve For High Pressure Turbine Bypass

performance for pressure control, BuTech valves and system components are available in any alloy to handle pressures from vacuum to 150,000 psi (10,340 ...

## ~~Pressure Control Valve—Hydraulic Systems~~

Precision High Pressure is the premier supplier of high pressure valves, fittings, tubing, and accessories with pressures up to 60,000 PSI. PHP specializes in the oil and gas and waterjet markets with typical applications including Chemical Injection Systems, Process Control Systems, Control Panels, Hydraulic Power Units (HPU's), Hydrostatic Test Systems, Water Blasting and Waterjet Cutting.

## ~~HiP | We are High Pressure | A Leader in High Pressure ...~~

Pressure control valves type MV. Pressure-limiting valves reliably protect the hydraulic system from being subjected to excessive system pressure. The MV type comes in a wide range of designs and pressures of up to 1000 bar for the high-pressure range. Technical data. P max: 700 bar; Q max: 160 lpm; Product page: Pressure control valves type MV

## ~~Solenoid valves for high pressure applications | Danfoss~~

Pressure reducing valve ; Pressure Control Valve ; Regulators . Pressure Regulators ; Pressure Reducing Regulators ; Back Pressure Regulators ; Filters . High Pressure Filters ; Stainless Steel Filters ; Hydraulic Filters ; Hydraulic Accumulator . Bladder accumulator ; Piston accumulator ; Diaphragm accumulator ; High Pressure Tubing ...

## ~~Baumann™ 51000 High Pressure, Low Flow Control Valve ...~~

Parker's pressure control valves are designed to provide adjustable pressure control and limiting functions: we offer pressure relief, pressure reducing, sequence and unloading valves. As trusted pressure control valve manufacturer we supply into the major industrial markets all over the world. Our impressive range, which includes hydraulic pressure control valves in various designs as well as ...

## ~~High pressure hydraulics—HAWE Hydraulik~~

A complete range of gate, globe, and check valves for all of your

# Get Free Control Valve For High Pressure Turbine Bypass

high pressure and high temperature applications, proven over years of service in thermal and nuclear power plants as well as oil and gas industry applications around the world. Only Velan offers the advantages of one-piece forged valves in sizes up to 24" (600 mm).

## ~~High Pressure Control Valves | Valveforce | Valve Products~~

High Pressure Cage Guided Balanced. 2" thru 10" valves. Used as Dump Valve or Pressure Regulator. Our Cage Guided valves have larger trim sizes for larger valve coefficients (Cv) compared to the Stem Guided series.

## ~~High Pressure Tubing | Hydraulic Systems~~

Discover how control valves are used to maintain operating conditions such as flow, pressure, temperature, and liquid level. The control valve manipulates a flowing fluid, such as gas, steam, water, or chemical compounds to compensate for the load disturbance and keep the regulated process variable as close as possible to the desired set point.

## ~~Pressure Control Valves | Parker NA~~

The valve opens to release pressure when levels get too high and close when the pressure is within a safe range. The main purpose of it is a safety device, to protect life and property; Pressure reducing valves control high pressure. These valves take a high pressure at the inlet and the valve reduces it to a lower pressure at the outlet as ...

## ~~Control Valves | Emerson US~~

High Pressure Equipment Company is now your source in the Americas for Alco Instrumentation Valves. The Alco Valves Group's line of instrumentation valves includes ball, check, manifold, needle, gauge, needle manifold and double block and bleed valves.

## ~~High Pressure SOV Valves | Rotex Automation~~

Compact.Multifunctional.High Performance The innovative high pressure valves from WEH set new standards in assembling gas mixing plants. The TV17 valve series has compact dimensions and is low in weight, thus being ideal for assembly in gas plants

# Get Free Control Valve For High Pressure Turbine Bypass

for evacuating, filling and mixing of gases. Additional features are high flow rates and extremely low flow noise.

~~Solenoid valves for high pressure applications | Danfoss Rotex offer wide range of Solenoid Valves in various port configuration for pressure range upto 400 bar. High Pressure -1/8" till 1/4" High Pressure -3/8" till 1/2"~~

~~Valves, Fittings & Tubing | High Pressure Company~~

The valves are used in several applications: car wash systems, stationary high pressure cleaning, mobile cleaning vehicles and dust bindings systems, etc. The VDHT valve series are designed for several applications in neutral media compatible with the sealing and O-ring materials used.

~~High Pressure Valves | WEH~~

The valves close again when inlet oil pressure drops below the valve setting. Because these valves do not start opening until the system reaches 90% of full pressure, the efficiency of the system is protected because less oil is released. These valves are best suited for high-pressure, high-volume applications.

~~High Pressure Valves Houston | Precision High ...~~

The valves are used in several applications: car wash systems, stationary high pressure cleaning, mobile cleaning vehicles and dust bindings systems, etc. The VDHT valve series are designed for several applications in neutral media compatible with the sealing and O-ring materials used. Typical media are water, cleaning fluids and light heating oil.

~~High Pressure Control Valve | Kimray, Inc~~

Since our founding in 1954, High Pressure Equipment Company has focused upon the valves, fittings & tubing market segment, consistently committing the resources necessary to be the industry's most reliable and economical source for quality high pressure products.
