Creating Blue Space : Hanns Meissner : 9781927771020

Blue space as an urban design term stands for visible water. Harbour front parks, rivers, ponds, lakes, ports, canals, fountains, etc. are all counted as blue spaces. It is an important physical and aesthetic element of landscape design.

What is Blue Ocean Strategy | About Blue Ocean Strategy

In our work we need to create the 'blue space' in which we can find the peace to honestly assess current reality and generate the changes in self, relationships and organisation which better meet our highest ideals.' Read the book review by David Towell (Centre for Welfare Reform) Creating Blue Space

Urban Design and Public Health - What is Blue Space ...

*Creating Blue Space is a beautifully written, ground breaking book. It offers profound thinking about how service agencies, systems, and professionally organized efforts can authentically value and build the gifts and capacities of people on the margin.

Creating Blue Space by Hanns Meissner - Goodreads

Creating Blue Space (Book review by David Towell) - Paradigm

Blue Ocean Strategy is a marketing theory and the title of a book published in 2004 that was written by W. Chan Kim and Renée Mauborgne, professors at INSEAD. They assert that these strategic moves create a leap in value for the company, its buyers, and its employees while unlocking new demand and making the competition irrelevant.

Lots of researchers have studied how green space affects human health and well-being. But what about "blue space" created by more liquid landscapes? It appears that inland waters offer a range of benefits, a review by two German researchers finds - but there are still plenty of questions left to answer about how people respond
