AudioTech Summary of "Decoded: The Science Behind Why We

I love behavioural economics and Decoded: The Science Behind Why We Buy is everything I expected from Phil Barden. Great summary of all the scientific and behavioural economics research applied to marketing. First illumination: the definition of brands as frames. Without the brand frame, products appear identical; brands implicitly influence (in our autopilot) the perceived...

[PDF] Decoded: The Science Behind Why We Buy

Decoding Science one story at a time. Finally! A Science Site Written in Understandable English. We don't dumb science down - we just make it accessible.

About the Book - Decoded

This limited capacity of the pilot is the reason why we find it difficult to remember phone numbers that exceed seven digits. It is also why, if we were to reflectively think about every purchase decision in the supermarket, it would take so long to do our shopping that we would starve to death.
