~~training.gov.au—UEE51211—Diploma of Air-conditioning ...~~  
Students in heating and air conditioning courses learn about the systems and equipment involved in indoor climate control. They must become proficient in the key concepts involving the installation, repair and maintenance of the various technologies used in heating and air conditioning systems.

~~Diploma in Refrigeration & Air Conditioning Colleges in ...~~  
Air conditioning (of which refrigeration is an inseparable part) has its origins in the fundamental work on thermodynamics which was done by Boyle, Carnot and others in the seventeenth and eighteenth centuries, but air conditioning as a science applied to practical engineering owes much to the ideas and work of Carrier, in the United States of America, at the beginning of this century.
