PDF Diagnosis In Chinese Medicine A Comprehensive Guide

Traditional Chinese medicine (TCM), system of medicine at least 23 centuries old that aims to prevent or heal disease by maintaining or restoring yinyang balance. China has one of the world's oldest medical systems. Acupuncture and Chinese herbal remedies date back at least 2,200 years, although the earliest known written record

Four Pillars of
Diagnosis . There are
four methods of
diagnostics in
Traditional Chinese
Medicine, which are
often referred to as the
Four Pillars of
Diagnosis. They are: 1.
Inspection: Inspection
or “looking” focuses on
visual analysis of the
face, skin features, and
particularly, the
tongue.
