Albert Einstein to me was a philosopher, who used principally his imagination and logic to arrive at truths about the universe. These were physical and mathematical truths, but they were also social and moral truths.

Walter Isaacson - Wikipedia

File Type PDF Einstein His Life And Universe

Brilliant in science and so human away from his theories. His intellect did not spare him from issues with women and family. He generated great loyalty from some and created life long enemies with others. His passion for sociological issues was as deep as his passion for science.
