Oxford Handbook of Cancer Nursing - Oxford Medicine

Handbook of Integrative Oncology Nursing: Evidence-Based Practice provides a reliable resource for nurses looking for information on the types of therapies patients may be using outside of their care. This guide defines complementary and alternative medicine (CAM), examines the issue of making integrative assessments, identifies commonly used therapies, and takes a close look at how symptoms can be managed using CAM therapies.

For example, an oncology nurse may work with cancer patients or a geriatric nurse may work with elderly patients. Some registered nurses combine one or more areas of practice. For example, a pediatric oncology nurse works with children and teens who have cancer. Many possibilities for working with specific patient groups exist.
