Social history. Until the partition of British India in 1947, Hindus controlled about 80 percent of all large rural holdings, urban real estate, and government jobs in East Bengal and dominated finance, commerce, and the professions. Following partition, a massive flight of East Bengali Hindus effectively removed the Hindu economic and political elite and cut the territory's ties to Calcutta.

India - India - Revolution in Bengal: The revolution in Bengal was the product of a number of unrelated causes. The imminence of the Seven Years' War prompted the British to send out Clive with a force to Madras in 1755. Succession troubles in Bengal combined with British mercantile incompetence to produce a crisis at a moment when the French in south India were still awaiting reinforcements ...
