*About Us - Bureau of Democracy, Human Rights, and Labor ...*

Labor rights or workers' rights are a group of legal and human rights relating to labor relations between workers and employers, codified in national and international labor and employment law. In general, these rights influence working conditions in relations of employment. One of the most central is the right to freedom of association, otherwise known as the right to organize.

*Human Rights and Labour | UN Global Compact*

Nordic Semiconductor shall uphold and protect internationally proclaimed human rights and workers' rights, and to treat workers with dignity and respect as understood by the international community. It is our goal to have no form of human rights abuse or labor issue in any stage related to production of our products. MODERN SLAVERY

*Labor, Employment and Human Rights | Cargill*

The UN should integrate labour rights into all its programmes, and ensure that workers' rights are protected in all tendering and lending. IndustriALL assistant general secretary Jenny Holdcroft said: "It is really important for the UN General Assembly to recognize that human and labour rights are inseparable.

A report by UN Special Rapporteur on the rights to freedom of peaceful assembly and association, Maina Kiai, confirms the trend, stating that labour rights are human rights under major international instruments (including the Universal Declaration of Human Rights, the International Covenant on Civil and Political Rights, the International ...

*Labor rights - Wikipedia*

Are efforts to protect workers' rights compatible with the forces of globalization? How can minimum standards designed to protect labour rights be implemented in a world in which national labour law is more and more at the mercy of international forces beyond its control? The chapters in this volume argue that international agreements and institutions are of central importance if labour rights ...

### *Labour rights - Social Protection and Human Rights*

This category incorporates rights to free association (that is, to form labor unions), collective bargaining, and social security, and protection against forced labor, exploitative labor, child labor, and labor discrimination. It includes grants to address economic inequality where workers, jobs, or work-related laws or policies are mentioned.

### *Labour rights are human rights, Caroline Stroud*

Labour rights. As highlighted in the ILO Declaration on Social Justice for a Fair Globalization (2008), social security and the fundamental principles and rights at work are inseparable, interrelated and mutually supportive. There are many ways in which social security interrelates with fundamental principles and rights at work.
