~~What is Intellectual Property?~~
Intellectual Property Law Services
Patents. Patents protect your company's
investments in research and
development. Through patent rights, a
company may license others or exclude
others from using a patented product.
Patent rights can be secured all over the
world.

Utility and plant patents last 20 years from the filing date of the patent application, whereas design patents last 15 years after the patent is issued by the USPTO. Like copyrights and trademarks, a patent gives you the right to sue infringers and recover damages (like profits and licensing fees) incurred when they use your IP without permission.
