Siehlroh's (2000) anthology investigates generic codes used in gender in regards to national identity in European films. She also examines how representations of women are effected by particular national milieu. This provides a baseline to investigate influences of societal factors on representation of women in Law and Order: SVU.

Law & Order: SVU is an active participant in the cycle of rape culture in the way it both fuels and regurgitates myths about rape and how sexual assault investigations are handled. While I haven't personally audited every last episode of Law & Order: SVU, I know that false reports and allegations are considerably overrepresented on the show.

Quick Answer: Law & Order: SVU pulls inspiration from real-life events and national news stories but changes the details substantially to create original scripts that deviate from real life. The show's tagline lets viewers know the tales are based on real things that happened, but also advertises the plots are fictional and do not accurately represent any real story.
