This format is still used in many Chapter and State competitions, in part because Mathcounts requires that this structure be used if the Countdown Round will determine the final individual rankings. Beginning in 2004, the format of the Countdown Round at the national competition changed to a weighted single elimination bracket .

MATHCOUNTS Competition Structure Sprint Round. 30 problems are given all at once. Students have 40 minutes to complete the Sprint Round. This round is very fast-paced and requires speed and accuracy as well. The earlier problems are usually the easiest problems in the competition, and the later problems can be as hard as some of the Team Round questions.
