Media Law and Human Rights - Andrew G. L. Nicol, Gavin ...

This collection sets about untangling some of the knotty issues in the underexplored relationship between human rights and the media. We investigate how complex debates in political, judicial, academic and public life on the role and value of human rights are represented in the media, particularly ...

Germany: Flawed Social Media Law | Human Rights Watch

While interactions between human rights workers and the media would ideally be an egalitarian process with honest motivations, this is not always the case. That being said, human rights advocates who want to collaborate and receive the support of news media should understand the larger media structures and engage with them accordingly and strategically.

Human Rights | United Nations

Human rights are moral principles or norms that describe certain standards of human behaviour and are regularly protected as natural and legal rights in municipal and international law. They are commonly understood as inalienable, fundamental rights "to which a person is inherently entitled simply because she or he is a human being" and which are "inherent in all human beings", regardless of ...

Media Law and Human Rights | LegalWeek

The struggle for the recognition of Human Rights and the struggle against political, social, economic, social and cultural oppression, against injustice and inequalities, have been an integral part of the Human societies. Human Rights are generally defined as the Rights, which every Human being is entitled to enjoy and to have protected.
