natural law | Definition, Theory, & Ethics | Britannica

Natural law (Latin: ius naturale, lex naturalis) is law that is held to exist independently of the positive law of a given political order, society or nation-state. As determined by nature, the law of nature is implied to be objective and universal; it exists independently of human understanding, and of the positive law of a given state, political order, legislature or society at large.

Upcoming: Marius has appeared in several of the Nature of Desire series books (Natural Law, Branded Sanctuary and Divine Solace). He's often been portrayed as kind of a pain-in-the-ass, overpowering alpha male sub who brats and tops from the bottom way too much. Most Mistresses won't even bother with him anymore.
