The movie, Outbreak, would be a super culmination of class work done on viruses. The movie uses terms that have been studied, in a "real" situation. The Center for Disease Control, in Atlanta and the work that it does become more comprehensible. The military uses of viruses are played out and are deathly "real".

Yahoo Answers nazi... I was pretty into virology and watched the movie. It was a load of crap, but from my limited memory of the movie: 1.) The virus got into the US from a guy who was working with monkey carriers of the virus, who were never destroyed from a previous outbreak in the 60's in Africa.
