A very Royal Wedding Cake - Planet Cake!

Planet Cake taught me alot when they first came to Melbourne way back when. So much in fact they inspired me to come and work in the kitchen for a week. They have also inspired me since to open my own cake decorators boutique in VIC. Lots of thanks to Planet Cake. Especially Paris who bought Planet Cake when I first started in the industry.

Now that I am busy with fiestas, it's the perfect time to try incorporating content from other authors. Through some of my early cake posts on the blog (like how to make a guitar cake), I met a Spaniard who works in a bakery in the UK, and he offered to write a post for my blog about the different cakes from different areas of the world. Being an American expat in Spain, I can appreciate it.

As mentioned in the title, I released a new version of the OpenID component today. It's a maintenance release: the only change is an update of the bundled PHP OpenID library from version 2.1.2 to 2.2.2. With this change you no longer have to patch the OpenID library if you are working with PHP 5.3.
