~~Powder Burn 2.0 - Rivalus~~

~~If a fast-burning powder is ignited behind a heavy load, it could lead to excessive pressures, damaging the firearm and potentially causing injury. At the other end of the spectrum, a slow burning powder behind a light load, such as a bird shot, may not give enough power for sufficient energy and velocity.~~

Powder Byrne Luxury and Tailor-made Ski, Sun, Adventure and Family Holidays with bespoke concierge and resort services of the highest quality since 1985.

~~Powder Burn~~

"Powder Burn" is one of Hiaasen's earlier books, apparently written before he had the confidence to unleash the outrageous sense of humor that brought us such memorable characters as Skink, the former Florida governor who now lives in the glades and subsists on roadkill, or Chemo, the scarred killer who loses a hand to a barracuda and has his stump fitted with a weed-whacker.

~~Fastest . . . BURN RATE CHART — Load Data~~

Why Powder Burn Rate Is Meaningless By Randy Wakeman. Perhaps you have looked at various "Burn Rate Charts" and wondered what good they are. Well, you have good reason to wonder. Burn rate charts seldom agree. There is no specific meaning for "burn rate," so it shouldn't surprise us that the numbers don't agree. They mean nothing by themselves.

~~Widner's Guide to Smokeless Powder: Burn Rate and Choosing ...~~

It should also be understood that the burning rate of any given powder can vary substantially when different cartridges are being compared. Smokeless propellants are organic compounds, and are subject to lot-to-lot variations which are unavoidable during the manufacturing process.

Powder Burn Rate 4050 S. Clark, Mexico, MO 65265 www.grafs.com • 800-531-2666 • Always consult a load manual and start with minimum loads. • Always look for signs of excessive pressure. • Burn rates are not linear- meaning- the relative quickness between powders listed by each other in the chart may be nearly the

~~Powder Burn by Carl Hiaasen — Goodreads~~

A powder burn is a type of burn caused by exposure to the burning gases which are expelled from the muzzle of a firearm as it is fired. Powder burns only occur when the person or burned is close to the discharging firearm, as the gases quickly dissipate.
