Hello, I just bought a 1977 Terry Travel Trailer. It needs some care and some replacement windows. I've searched the internet for manuals but haven't had any luck. Does anyone know where I could find one. I'm brand new to RV's and the manual would help. Its not in bad shape but I would like to fix it up before it gets cold.

Also, where is the electrical power distribution center located? Answer: You can check on the exterior of the RV for an access panel for a place to light the furnace. We have no input on the electrical power distribution center.
