~~Chapter 15: Personality AP Psychology with Bremer at ...~~

An adaptive problem affects reproduction. If we say a characteristic is adaptive we mean that its possessor has a reproductive advantage. Such characteristics are shaped by natural selection. Not all existing traits are adaptive. Traits that are now maladaptive may once have been adaptive, since culture has evolved faster than our genotype. Not all adaptations are perfect

~~Chapter 14 Personality | CourseNotes~~

Chapter 15: Personality This is the chapter all about everyone's favorite subject: you. Through this chapter, you will find out more about yourself through personality tests, such as the Myers-Briggs Test. Be careful with Sigmund Freud's Id, Ego, and Superego because these often mess up students, so make sure you have them down.
