Just ditched the Marantz DV-400 after 3 weeks of use for the Rotel. This product is amazing. I was looking for a high quality CD Player/ DVD Player all in one. After spending a few days with DVD Players from NAD, Nackamichi, and Marantz I purchased the Rotel. I actually prefer the sound of this unit for a CD Player to Rotel's own 951.

The RDV-1060 is Rotel's latest and greatest contribution to the world of DVD-Audio/Video disc players. As Rotel has a 40-year history of producing solid, good bang-for-the-buck gear, I was quite curious to see the DVD player they felt was worth \$899, a price tag solidly above the run-of-the-mill players yet significantly lower than most other high-end players.
