Simulacra and Simulation - Jean Baudrillard - Google Books

Jean Baudrillard was a French philosopher, a contributor to post-structuralism, along with the better-known Jacques Derrida. This bores anyone not deep into philosophy, so why dig into it? Because Simulacra and Simulation is mentioned in the movie, The Matrix, which is becoming a classic among people questioning all authenticity in an on-line world, and this book partly inspired it.

Simulacra and Simulations - XS4ALL

The concept of Simulacra, or Simulacrum, was not invented by Jean Baudrillard, and was a reappearing concept in French philosophical thought like that of Deleuze, for example, before the publication of Baudrillard's "Simulacra and Simulation" in 1981. In its lexical ordering, simulacra is a material image which appears as something else without having that something's features or essence.
