Purpose. The purpose of archaeology is to learn more about past societies and the development of the human race. Over 99% of the development of humanity has occurred within prehistoric cultures, who did not make use of writing, thereby no written records exist for study purposes. Without such written sources,...

Jane McIntosh's "The Practical Archaeologist" is a superb overview of archaeology for the lay reader. Although I don't have much of a scientific bent, I have always been fascinated by archaeology (probably too many Agatha Christie novels), and I treated myself to this many years ago to see if the real thing was as interesting as I imagined it to be.
