~~Freese~~

Freese has written a review for the general educated public on dark matter and energy as they relate to recent research in cosmology and particle physics, titled *The Cosmic Cocktail: Three Parts Dark Matter* (Science Essentials, 2014, ISBN 0691153353). The book is partly autobiographical.

Matter (Science ...

The rest is known as dark matter and dark energy, because their precise identities are unknown. The Cosmic Cocktail is the inside story of the epic quest to solve one of the most compelling enigmas of modern science--what is the universe made of?--told by one of today's foremost pioneers in the study of dark matter.
