The Surprising History and Symbolism of Fuzzy Dice

The 3rd Emperor of the Roman Empire was a troubled youth named Gaius Julius Augustus Germanicus. Today in History: The Women's March events take place in Washington and around the world. Today in History: The Coronation of Elizabeth I. History Painting: Ivan the Terrible and His Son by Ilya Repin, 1885.

Through the rearview mirror : historical reflections on ...

We had just turned onto the cliff drive and gone not more than one half of a block when I looked in my rear view mirror and saw a man slowly crossing the road. The man looked to be in his 60's, sporting a white trimmed beard, a blue hat with short brim, blue coat and trousers.

Rear-view mirror - Wikipedia

The book assumes no previous background in the subject matter; Macnamara often simplifies abstract concepts via homespun examples (many using his beloved dog, Freddie). This is a quirky, engaging book, as well as the last work by a highly influential figure in cognitive psychology.

A rear-view mirror (or rearview mirror) is a convex mirror in automobiles and other vehicles, designed to allow the driver to see rearward through the vehicle's rear window (rear windshield ). In cars, the rear-view mirror is usually affixed to the top of the windshield on a double- swivel mount allowing it...

From a Mill in Minetto - Through the Rearview Mirror

Ephraim divided up the land in his square mile and sold it in parcels. At the time of his death, he left the remaining land of Webster's Half Mile to this third wife and their children, excluding the children with Nance from his will. After the death of Hannah (Danks) Webster in January of 1837,...

Through the rearview mirror: Historical reflections on ...

The author shows how a number of thinkers through the ages have approached problems of mental representation and the acquisition of knowledge. He discusses the relevance of these approaches to modern cognitive psychology, focusing on central themes that he believes have strongly influenced modern psychology.
