Music theory attempts to explain the mechanics under the hood - why it sounds the way it does, and affects us like it does. All instrumentalists should study it, it makes us better players. There's already plenty of information like this for guitarists etc., but the ukulele is quickly becoming a serious instrument, with all the young virtuosos ...

Ukulele Music Theory Part 5 - Chords For Blues & Jazz

Now, there are four strings on the ukulele, tuned G, C, E and A. To form the chord we need to ensure that we are only playing the notes C, E and G. Helpfully with the C chord, three of the strings are G, C and E when played open (the three nearest the ceiling!!).
