Jim Krause, author of the popular Index series, guides you through the understanding and practice of the three elements every successful visual design must have: The Amazon Book Review Author interviews, book reviews, editors' picks, and more.

~~Krause, Visual Design: Ninety-five things you need to know---~~

This is what Jim Krause does: he calms you down. Learning design can be very exciting and for the novice, and frightening at the same time. When you are facing a new career with new rules-hard and soft-and are thinking about how you can stand out amongst the competition, you may fall into a frenzy of worry, elation, defeat and victory and not know where to start or where to go.
