Constitutionalism | law | Britannica
Constitution, the body of doctrines and practices that form the organizing principle of a state. In some cases the constitution is a specific written document, while in others it is a collection of documents, statutes, and traditional practices that are generally accepted as governing political matters.
Established as a homeland for India’s Muslims in 1947, Pakistan has had a tumultuous history that has unfolded in the vortex of dire regional and international conflicts. Beset by assassinations, cou...
Constitutional And Political History Of Pakistan by Hamid Khan
In United States history, four periods of widespread Constitutional criticism have been characterized by the idea that specific political powers belong to state governments and not to the federal government—a doctrine commonly known as states rights. At each stage, states' rights advocates failed to develop a preponderance in public opinion ...
